

1 Welcome to the Horton Product Selector Setup Wizard

The Setup Wizard will install Horton Product Selector on your computer. Click Next to continue or Cancel to exit the Setup Wizard.

Choose NEXT

2 Choose the setup type that best suits your needs

Choose TYPICAL

3 Select installation folder

Folder: C:\Program Files (x86)\Horton Inc\Horton Product Selector\ Browse...

Choose NEXT

Total space required on drive: 111 MB
Space available on drive: 156 GB
Remaining free space on drive: 156 GB

4 Click **INSTALL**, and then **FINISH** when complete.

This will load the software onto your computer, with a link on your desktop.

5 After install and startup, you will have to request a license. Once the license has been granted, you will have full use of the software.
